As the parent or guardian of the above-named student, I have read this agreement and understand it. I understand that it is impossible for the School District to restrict access to all controversial materials, and I will not hold the District responsible for materials acquired by use of the electronic information services (EIS), including email and internet. I also agree to report any misuse of the EIS to a School District administrator. (Misuse may come in many forms but can be viewed as any messages sent or received that indicate or suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, or other issues described in the agreement.)

A.R.S. 15-1046 and TUSD Policy IJNDB, allow parents and guardians to restrict their child's access to the internet and email. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, TUSD supports and respects each family's right to decide whether or not to restrict access.

OPT OUT: Your child will be given access to the EIS, *including the Internet and email unless you direct otherwise* by checking the box below.
